MapmyIndia

Serial	Items	Details
1	List of Features	Each Feature will be defined as a stand alone API
2	Transactions	Transaction will be based on number of objects returned by each API call.
2	List of Attributes	The API plans will be structured based on type of attributes. List of attributes are available in upcoming pages

Annexure-I

forest_a	Forest Area (in Hectares)
nonagri_a	Area under Non-Agricultural Uses (in Hectares)
barn_land	Barren & Un-cultivable Land Area (in Hectares)
grazing_a	Permanent Pastures and Other Grazing Land Area (in Hectares)
cult_wland	Culturable Waste Land Area (in Hectares)
area_sown	Net Area Sown (in Hectares)
t_unirr_a	Total Unirrigated Land Area (in Hectares)
area_irr	Area Irrigated by Source (in Hectares)
hhcond_pct	Total Number of households with condition of Census House
hhcon_gud	Good Number of households with condition of Census House
hhcon_liv	Livable Number of households with condition of Census House
hhcon_dlap	Dilapidated Number of households with condition of Census House
hhconres_t	Total Number of residence households with condition of Census House
hhconres_g	Good Number of residence households with condition of Census House
hhconres_l	Livable Number of residence households with condition of Census House
hhconres_d	Dilapidated Number of residence households with condition of Census House
hhcnres_o	Total Residence-cum-other use Number of residence households with condition of Census House
hhcnreso_g	Good Residence-cum-other use Number of residence households with condition of Census House
hhcnreso_l	Livable Residence-cum-other use Number of residence households with condition of Census House
hhcnreso_d	Dilapidated Residence-cum-other use Number of residence households with condition of Census House
roof_gtbw	Number of households with Material of Roof made up of Grass/ Thatch/ Bamboo/ Wood/Mud etc.
roof_pp	Number of households with Material of Roof made up of Plastic/ Polythene
roof_hmt	Number of households with Material of Roof made up of Handmade Tiles
roof_mmt	Number of households with Material of Roof made up of Machine made Tiles
roof_bb	Number of households with Material of Roof made up of Burnt Brick
roof_ss	Number of households with Material of Roof made up of Stone/ Slate
roof_gmas	Number of households with Material of Roof made up of G.I./Metal/ Asbestos sheets
roof_cc	Number of households with Material of Roof made up of Concrete
roof_om	Number of households with Material of Roof made up of Any other material
wall_gtb	Number of households with Material of Wall made up of Grass/ Thatch/ Bamboo etc.
wall_pp	Number of households with Material of Wall made up of Plastic/ Polythene
wall_mub	Number of households with Material of Wall made up of Mud/ Unburnt brick
wall_wood	Number of households with Material of Wall made up of Wood
wall_snpwm	Number of households with Material of Wall made up of Stone not packed with mortar
wall_spwm	Number of households with Material of Wall made up of Stone packed with mortar
wall_gimas	Number of households with Material of Wall made up of G.I./ Metal/ Asbestos sheets
wall_bb	Number of households with Material of Wall made up of Burnt brick
wall_cc	Number of households with Material of Wall made up of Concrete
wall_om	Number of households with Material of Wall made up of Any other material
floor_mud	Number of households with Material of Floor made up of Mud
floor_wb	Number of households with Material of Floor made up of Wood/ Bamboo
floor_bb	Number of households with Material of Floor made up of Burnt Brick
flr_stone	Number of households with Material of Floor made up of Stone
flr_cement	Number of households with Material of Floor made up of Cement
floor_mft	Number of households with Material of Floor made up of Mosaic/ Floor tiles
floor_om	Number of households with Material of Floor made up of Any other material
dw_ner	Number of households with Number of Dwelling Rooms- No exclusive room

Column Name	Description
dw_1r	Number of households with Number of Dwelling Rooms- One room
dw_2r	Number of households with Number of Dwelling Rooms- Two rooms
dw_3r	Number of households with Number of Dwelling Rooms- Three rooms
dw_4r	Number of households with Number of Dwelling Rooms- Four rooms
dw_5r	Number of households with Number of Dwelling Rooms- Five rooms
dw_6rabv	Number of households with Number of Dwelling Rooms- Six rooms and above
hhsize1	Number of households with household size 1
hhsize2	Number of households with household size 2
hhsize3	Number of households with household size 3
hhsize4	Number of households with household size 4
hhsize5	Number of households with household size 5
hhsize6_8	Number of households with household size 6-8
hhsize9abv	Number of households with household size 9+
own_o	Number of HH with Ownership status as Owned
own_r	Number of HH with Ownership status as Rented
own_oth	Number of HH with Ownership status as Any others
mc_0	No. of households with Married couple- None
mc_1	No. of households with Married couple- 1
mc_2	No. of households with Married couple- 2
mc_3	No. of households with Married couple- 3
mc_4	No. of households with Married couple- 4
mc_5abv	No. of households with Married couple- 5+
dw_tfts	Number of households using main source of drinking water from Tap water from treated source
dw_tfus	Tap water from un-treated source
dw_cw	Number of households using main source of drinking water from Covered well
dw_uw	Un-covered well
dw_hp	Number of households using main source of drinking water from Hand pump
dw_tb	Number of households using main source of drinking water from Tube well/Borehole
dw_spr	Spring
dw_rc	Number of households using main source of drinking water from River/ Canal
dw_tpl	Number of households using main source of drinking water from Tank/ Pond/ Lake
dw_os	Number of households using main source of drinking water from Other sources
dwl_inpre	Number of households with availability of drinking water source Within premises
dwl_nrpre	Number of households with availability of drinking water source Near premises
dwl_away	Number of households with availability of drinking water source Away
msl_elect	Number of households using main source of lighting as Electricity
msl_kero	Number of households using main source of lighting as Kerosene
msl_se	Number of households using main source of lighting as Solar energy
msl_oo	Number of households using main source of lighting as Other oil
msl_ao	Number of households using main source of lighting as Any other
msl_nl	Number of households using with no lighting
hh_latr	Number of households having toilet facility within the premises
latr_pss	Number of households having toilet facility within the premises and has Piped sewer system
latr_st	Number of households having toilet facility within the premises and has Septic tank
latr_os	Number of households having toilet facility within the premises and has Other system
pit_lat_sv	Number of households having toilet facility and using pit toilet with slab/ ventilated improved pit
pit_lat_so	Number of households having toilet facility and using pit toilet without slab/ open pit
nsdsp_drn	Number of households using service toilet as night soil disposed into open drain
sv_lat_nrh	Number of households using service toilet as night soil removed by human
sv_lat_nsa	Number of households using service toilet as night soil serviced by animal
latr_na	Number of households not having toilet facility within the premises
lat_altsrc	Number of households using toilet alternate source as Public latrine
lat_altopn	Number of households using toilet alternate source as Open
br_y	Number of households having bathing facility within the premises as Bathroom
br_wo_roof	Number of households having bathing facility within the premises as Enclosure without roof
br_na	Number of households without having bathing facility
wwtr_cd	Number of households with Waste water outlet connected to closed drainage
wwtr_od	Number of households with Waste water outlet connected to open drainage
wwtr_nd	Number of households with Waste water outlet connected to no drainage
ck_fw	Number of households using fuel for cooking- Firewood
ck_cr	Number of households using fuel for cooking- Crop residue
ck_cdc	Number of households using fuel for cooking- Cowdung cake
ck_clc	Number of households using fuel for cooking- Coal,Lignite,Charcoal
ck_kero	Number of households using fuel for cooking- Kerosene

Column Name	Description
ck_lpg_cng	Number of households using fuel for cooking- LPG/PNG
ck_elec	Number of households using fuel for cooking- Electricity
ck_bg	Number of households using fuel for cooking- Biogas
ck_ao	Number of households using fuel for cooking- Any other
ck_nc	Number of households using do not use fuel for cooking i.e. No cooking
kf_tot	Number of households having kitchen
kf_ih	Number of households cooking inside house
kf_ihk	Number of households cooking inside house and has Kitchen
kf_ina	Number of households cooking inside house and does not have kitchen
kf_oh	Number of households cooking outside house
kf_ohk	Number of households cooking outside house and has Kitchen outside premise
kf_ona	Number of households cooking outside house and does not have kitchen
kf_na	Number of households do not cook

dw_ner	Number of households with Number of Dwelling Rooms- No exclusive room
dw_1r	Number of households with Number of Dwelling Rooms- One room
dw_2r	Number of households with Number of Dwelling Rooms- Two rooms
dw_3r	Number of households with Number of Dwelling Rooms- Three rooms
dw_4r	Number of households with Number of Dwelling Rooms- Four rooms
dw_5r	Number of households with Number of Dwelling Rooms- Five rooms
dw_6rabv	Number of households with Number of Dwelling Rooms- Six rooms and above
hhsize1	Number of households with household size 1

Column Name	Description
hhsize2	Number of households with household size 2
hhsize3	Number of households with household size 3
hhsize4	Number of households with household size 4
hhsize5	Number of households with household size 5
hhsize6_8	Number of households with household size 6-8
hhsize9abv	Number of households with household size 9+
own_o	Number of HH with Ownership status as Owned
own_r	Number of HH with Ownership status as Rented
own_oth	Number of HH with Ownership status as Any others
mc_0	No. of households with Married couple- None
mc_1	No. of households with Married couple- 1
mc_2	No. of households with Married couple- 2
mc_3	No. of households with Married couple- 3
mc_4	No. of households with Married couple- 4
mc_5abv	No. of households with Married couple- 5+
dw_tfts	Number of households using main source of drinking water from Tap water from treated source
dw_tfus	Tap water from un-treated source
dw_cw	Number of households using main source of drinking water from Covered well
dw_uw	Un-covered well
dw_hp	Number of households using main source of drinking water from Hand pump
dw_tb	Number of households using main source of drinking water from Tube well/Borehole
dw_spr	Spring
dw_rc	Number of households using main source of drinking water from River/ Canal
dw_tpl	Number of households using main source of drinking water from Tank/ Pond/ Lake
dw_os	Number of households using main source of drinking water from Other sources
dwl_inpre	Number of households with availability of drinking water source Within premises
dwl_nrpre	Number of households with availability of drinking water source Near premises
dwl_away	Number of households with availability of drinking water source Away
msl_elect	Number of households using main source of lighting as Electricity
msl_kero	Number of households using main source of lighting as Kerosene
msl_se	Number of households using main source of lighting as Solar energy
msl_oo	Number of households using main source of lighting as Other oil
msl_ao	Number of households using main source of lighting as Any other
msl_nl	Number of households using with no lighting
hh_latr	Number of households having toilet facility within the premises
latr_pss	Number of households having toilet facility within the premises and has Piped sewer system
latr_st	Number of households having toilet facility within the premises and has Septic tank
latr_os	Number of households having toilet facility within the premises and has Other system
pit_lat_sv	Number of households having toilet facility and using pit toilet with slab/ ventilated improved pit
pit_lat_so	Number of households having toilet facility and using pit toilet without slab/ open pit
nsdsp_drn	Number of households using service toilet as night soil disposed into open drain
sv_lat_nrh	Number of households using service toilet as night soil removed by human
sv_lat_nsa	Number of households using service toilet as night soil serviced by animal
latr_na	Number of households not having toilet facility within the premises
lat_altsrc	Number of households using toilet alternate source as Public latrine
lat_altopn	Number of households using toilet alternate source as Open
br_y	Number of households having bathing facility within the premises as Bathroom
br_wo_roof	Number of households having bathing facility within the premises as Enclosure without roof
br_na	Number of households without having bathing facility
wwtr_cd	Number of households with Waste water outlet connected to closed drainage
wwtr_od	Number of households with Waste water outlet connected to open drainage
wwtr_nd	Number of households with Waste water outlet connected to no drainage
ck_fw	Number of households using fuel for cooking- Firewood
ck_cr	Number of households using fuel for cooking- Crop residue
ck_cdc	Number of households using fuel for cooking- Cowdung cake
ck_clc	Number of households using fuel for cooking- Coal,Lignite,Charcoal
ck_kero	Number of households using fuel for cooking- Kerosene
ck_lpg_cng	Number of households using fuel for cooking- LPG/PNG
ck_elec	Number of households using fuel for cooking- Electricity
ck_bg	Number of households using fuel for cooking- Biogas
ck_ao	Number of households using fuel for cooking- Any other
ck_nc	Number of households using do not use fuel for cooking i.e. No cooking
kf_tot	Number of households having kitchen
kf_ih	Number of households cooking inside house
kf_ihk	Number of households cooking inside house and has Kitchen
kf_ina	Number of households cooking inside house and does not have kitchen
kf_oh	Number of households cooking outside house
kf_ohk	Number of households cooking outside house and has Kitchen outside premise

Column Name	Description
kf_ona	Number of households cooking outside house and does not have kitchen
kf_na	Number of households do not cook

Column Name	Description
label	Pincode Number
pincode	Pincode Number
stt_nme	State Name
stt_id	State Id

MapmyIndia

Column Name	Description
label	Name of the City
city_nme	Name of the City
city_id	City Id
stt_nme	State Name
stt_id	State Id

Column Name	Description
label	Name of the Locality
loc_nme	Name of the Locality
loc_alt	";" separated alternate names
loc_id	Unique feature Identification
city_nme	City Name
city_id	City Id
stt_nme	State Name
stt_id	State Id
